

Lars Oscar Consulting AB

Lars Oscar Consulting AB is providing consultancy services within evaluations, system audits, organizational development, management, Project Cycle Management and Results Based Management to capacity building to governments, non-governmental organisations and the private sector. International development is a particular expertise of Lars Oscar Consulting AB.

The expertise of Lars Oscar Consulting AB includes:

- evaluations (of projects and organisations);
- system audits;
- project management including PCM and RBM;
- organisational development;
- capacity/institutional development;
- strategy processes;
- aid effectiveness/donor coordination;
- studies (feasibility, country, sector, project, institutional);
- document preparation (applications, reports, policies and strategies);
- negotiations.

Lars Oscar Consulting AB works in tandem with other experts, who may be members of Lars Oscar Consulting AB's own network or other actors, depending on requirements. The overall aim is always to secure effectiveness and the highest quality of results.

Lars Oscar Consulting AB is an independent consultancy firm with the owner Lars Oscar as the main resource. With two Master's Degrees in development economics/political science and seventeen years of experience from various positions, different sectors, different regions and cooperating with different types of stakeholders, Lars Oscar possesses considerable experience – not least within international development cooperation.

Lars Oscar is a former employee of the governmental Swedish International Development Cooperation Agency (Sida). Before entering international development cooperation he gained useful experiences in other fields.

Lars Oscar Consulting AB is registered in Sweden with limited shareholder responsibility (*aktiebolag*).
